#### **Violation 1.**

California Code of Regulations, title 4, section 15729, subdivision (a)(2), requires that the licensed laboratory develop and implement a Laboratory Quality Assurance (LQA) program to assure the reliability and validity of the analytical data produced by the laboratory, including laboratory organization and employee training and responsibilities, including good laboratory practice (GLP).

During review of the chromatographic raw data for sample 2308CGL2297.5733, Department Staff observed that the cannabichromene (CBC) and Tetrahydrocannabinolic acid (THCA) peaks in the Continuing Calibration Verifications (CCV) were not split consistently and appropriately. Laboratory employees must be trained in identifying when the instrument does not properly integrate analytes of interest as part of GLP. Failure to identify that the instrument did not consistently integrate the peaks indicates issues with the instrument method and also with employee training. Caligreen Laboratory failed to comply with the LQA program objectives for GLP required by California Code of Regulations, title 4, section 15729, subdivision (a)(2).

#### **Violation 2.**

California Code of Regulations, title 4, section 15729, subdivision (a)(3) requires that the licensed laboratory develop and implement a Laboratory Quality Assurance (LQA) program to assure the

reliability and validity of the analytical data produced by the laboratory, including LQA objectives for measurement data.

Upon review of the data package submitted for samples 2307CGL2117.5209 and 2307CGL2125.5231, Department Staff observed that the integrations for Tetrahydrocannabinolic Acid (THCA) within the Continuing Calibration Verification (CCV) were not consistent. Inconsistent and manual integrations indicate problems with the measurement and traceability of instrument data including analytical results as well as training and data calculations. Caligreen Laboratory failed to comply with the LQA objectives for measurement data required by California Code of Regulations, title 4, section 15729, subdivision (a)(3).

### **Violation 3.**

California Code of Regulations, title 4, section 15726, subdivisions (b) and (g), require the licensed laboratory to ensure that the regulatory compliance testing Certificate of Analysis (COA) contains the results of all required analysis performed for the representative sample, and to validate the accuracy of the information contained on the COA. In addition, California Code of regulations, title 4, section 15037, subdivision (c), requires records to be legible and accurate. Further, California Code of Regulations, title 4, section 15724, requires the licensed laboratory to satisfy the Cannabinoids testing requirements in its entirety.

Pursuant to California Code of Regulations, title 4, section 15726, subdivision(b), the licensed laboratory is required to report the result of cannabinoid testing on the COA and shall ensure that the COA contains the results of all required analysis performed for the representative sample. Caligreen Laboratory failed to report the actual results of the cannabinoid testing, and instead reported inaccurate testing results. Samples previously analyzed by Caligreen Laboratory were subsequently analyzed by the Department's Cannabis Testing Laboratory Branch (CTLB). CTLB's results and the true values were found to differ significantly from the values reported by Caligreen Laboratory. The results for ten (10) samples found to differ significantly are expressed in Table 1 below.

Analyte	Caligreen Sample ID	Sample METRC UID	Caligreen Value (mg/g dry)	CTLB Value (mg/g dry)	Difference in percent

Table 1 - Comparison of concentrations from Caligreen Laboratory against CTLB

The integrity of label claims and other required testing results are challenged when compliance testing samples do not align with samples collected from other licensees such as distributors or retailers. Reported values by Caligreen Laboratory are beyond a reasonable amount of variance from both the laboratory's reserve section and samples collected from retail.

Moreover, the results from the ten (10) samples identified in Table 1 above were randomly selected by the Department from COAs issued by Caligreen Laboratory between April 2023 through August 2023. All ten (10) samples tested by CTLB were found to be inflated, as shown in the table above. The test results demonstrate that over the course of a five-month period, Caligreen Laboratory engaged in a repeated pattern of reporting inaccurate and inflated cannabinoid results.

Caligreen Laboratory failed to comply with California Code of Regulations, title 4, sections 15037, subdivision (c), 15724 and 15726, subdivisions (b) and (g), by reporting inaccurate Total THC results for cannabinoids and failing to ensure the accuracy and validity of those results on the sample COA.

#### ADMINISTRATIVE FINE ASSESSED

Pursuant to Business and Professions Code section 26031.5, the Department may assess a fine not to exceed five thousand dollars (\$5,000) per violation by a licensee or thirty thousand dollars

(\$30,000) per violation by an unlicensed person. Each day of violation shall constitute a separate violation.

The full amount of the fine must be paid within thirty (30) days of the date of service of this citation, unless the citation is contested. To ensure the payment is credited, indicate on your payment the case number provided at the top of this citation. Payment made by check, money order or cashier's check may be made payable to "DCC" or "California Department of Cannabis Control." Payment shall be made by one of the following methods:

**In person:** at one of our office locations with exact cash, cashier's check, money order, or a personal or business check

- To schedule an in-person payment appointment, email us: [payments@cannabis.ca.gov](mailto:payments@cannabis.ca.gov)
- Or call us at: 1-844-61-CA-DCC (1-844-612-2322)

**By mail:** cashier's check, money order, personal or business check

- U.S. Postal Service: PO Box 419106, Rancho Cordova, CA 95741
- FedEx or UPS: 2920 Kilgore Road, Rancho Cordova, CA 95670

Failure to pay the full amount of the administrative fine within thirty (30) days from the date of service of the citation, unless you appeal the citation, is a separate violation and may result in additional action by the Department. Licenses shall not be renewed or granted if fines are not paid and unpaid fines will be added to license renewal fees.

In the instant matter, an administrative fine of \$53,000 is assessed against Caligreen Laboratory in accordance with BPC section 26031.5 for the three (3) regulatory violations occurring between April 06, 2023, through August 28, 2023.

#### ORDER OF ABATEMENT

Pursuant to Business and Professions Code section 26031.5, a citation may include an order of abatement and fix a reasonable time for abatement of the violation. You are ordered to:

1. Comply with all existing statutory and regulatory requirements under the Medicinal and Adult-Use Cannabis Regulation and Safety Act, and its implementing regulations.
2. Cease and desist within 30 calendar days from violating California Code of Regulations, title 4, section 15729, subdivision (a)(3), pertaining to all laboratory licensees. Caligreen Laboratory

must comply with California Code of Regulations, title 4, section 15729, subdivision (a)(3), by establishing instrument method parameters that accurately integrate the cannabinoids and a manual integration policy that prohibits performing manual integrations in order to obtain passing results.

3. Immediately cease and desist from violating California Code of Regulations, title 4, Division 19, Chapter 6, section 15726, subdivision (b) pertaining to Testing Laboratories. Caligreen Laboratory shall comply with California Code of Regulations, title 4, Division 19, Chapter 6, section 15724, subdivision (c) and ensure that cannabinoids sample analysis accurately represents the batch. Caligreen Laboratory shall provide the Department with Proficiency Testing results for cannabinoids within 60 calendar days, pursuant to California Code of Regulations, title 4, Division 19, Chapter 6, section 15733 in its entirety. Caligreen Laboratory shall also submit a data package to the Department pursuant to California Code of Regulations, title 4, Division 19, Chapter 6, section 15732, subdivision (b).

You must abate the violation(s) and provide evidence of abatement to the Department within the time period specified in the order of abatement. Failure to abate the violation(s) within the time allowed, unless the violation is being appealed, shall constitute a separate violation and may result in denial of an application for licensure or renewal of a license, disciplinary action, or further administrative or civil proceedings. If you are unable to complete the correction within the time provided because of conditions beyond your control after the exercise of reasonable diligence, you may request an extension of time in which to correct the violation. The request shall be made in writing and submitted to the Department, at [TestingLabs@cannabis.ca.gov](mailto:TestingLabs@cannabis.ca.gov) within the time set forth for abatement. The time to abate or correct may be extended for good cause.

#### **APPEALING THE MODIFIED CITATION**

To appeal the modified citation, you may request a formal hearing to contest the citation before an Administrative Law Judge. Requests must be submitted in writing in accordance with the timeframes specified by CCR, title 4, section 17803, subdivision (f), or the right to a hearing is waived. If a hearing is not requested, payment of a fine will not constitute an admission of the violation charged.

#### **CONTESTING THE MODIFIED CITATION**

You have a right to contest the finding of a violation before an Administrative Law Judge by requesting a formal hearing. To request a formal hearing, your request must be in writing and submitted to the Department within 30 calendar days from service of the citation. If a request is not

received by the Department within 30 calendar days, the right to a hearing is waived, and the citation becomes final and not subject to review by any court. I am familiar with the Department's business practices for collecting and transmitting mail through the United States Postal Service. In accordance with those practices, correspondence placed in the Department's internal mail collection system is, in the ordinary course of business, deposited in the United States Postal Service, with postage paid, on the same day I am aware that on motion of the party served, service is presumed invalid if postal cancellation date or postage meter date is more than one day after the date of deposit for mailing in affidavit.

I declare under penalty of perjury under the laws of the State of California, and the United States of America, that the above is true and correct.

Executed on March 13, 2025, at Rancho Cordova, California.
